On August 20, 2008, SA Szczepanski and SA Cucchi of FDLE met with Kettenring and Miguel Morales, a Regional Quality Control Officer with ACORN. Kettenring explained that ACORN had identified ten (10) Homestead, Florida area canvassers who they suspected of submitting fraudulent FVRA cards. Kettenring further stated that the canvassers were assigned to work for Rudy Willis, a Political Organizer overseeing a voter registration drive headquartered in Homestead, Florida. SA Cucchi obtained a digitally recorded sworn statement from Morales in which he stated that during the end of March or beginning of April 2008, he was contacted by ACORN quality control workers in Miami due to numerous discrepancies being found on FVRA cards coming from the Homestead area. Morales continued, stating that they had determined that the cards were being turned in by ten (10) canvassers, one of which was Williams. Morales stated that of approximately fourteen-hundred (1400) cards turned in by the ten (10) suspects, eight hundred and eighty-eight (888) were determined to be fraudulent.

Of the fourteen-hundred (1400) FVRA cards, one hundred and fifty-nine (159) were turned in by Williams. Eighty-two (82) of the one hundred and fifty-nine (159) were initialed by Williams, indicating that he was the canvasser who obtained the registrants' signatures. Seven (7) of the days that Williams worked for ACORN, a Worker Batch Sheet was completed which showed the number of completed FVRA cards that were turned in, along with his signature, initials, and last two (2) digits of his social security number. Five (5) of the Worker Batch Sheets given to FDLE by ACORN for Williams were signed by ACORN designee Lilkevia Williams. Another was signed by ACORN designee Evangeline Williams, and the remaining one was signed by Rudy Willis.

Your Affiant took a random sampling of twenty-five (25) percent of Williams' submitted FVRA cards and attempted to positively identify the listed registrants. The sampling consisted of forty (40) FVRA cards. All of the forty (40) applicants were queried in public record, vital statistic, and driver license databases. Thirty-seven (37) of the FVRA cards contained registrant information that was not able to be matched to a living person.

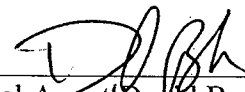

On July 31, 2009, Your Affiant interviewed Rudy Willis (Willis). At that time, Willis stated that he personally conducted the hiring and training of ACORN canvassers in Homestead, Florida. Willis further stated that he specifically told the canvassers that they were not to fill out any of the FVRA cards themselves, other than to assist legitimate registrants who were unable to write. Willis explained that he told each canvasser that under no circumstances were they to sign a FVRA card. Willis also stated that he was the one that fired Williams after ACORN discovered his fraudulent FVRA cards. At the interview, Willis was able to positively identify Williams by photograph.

Every FVRA card used by ACORN contained an oath next to the signature box that stated:

I do solemnly swear (or affirm) that I will protect and defend the Constitution of the United States and Constitution of the State of Florida, that I am qualified to register as an elector under the Constitution and laws of the State of Florida, and that all information provided in this application is true.

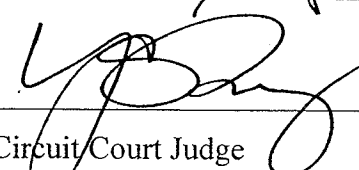

Based upon the above facts, Your Affiant does believe that probable cause exists to arrest Richard Williams on thirty-seven (37) counts of False Swearing in Connection with Voting or Elections, Section 104.011(1), Florida Statutes, a Third Degree Felony, and thirty-seven (37) counts of Submission of False Voter Registration Information, Section 104.011(2), Florida Statutes, a Third Degree Felony..
