

# MOVEON.ORG'S outrageous attacks AGAINST OUR MILITARY LEADERS must be condemned

Political leaders and newspapers are condemning the radical liberal group Moveon.org for its outrageous attacks against American military leaders.

Name calling and charges of betrayal are despicable. It's what Moveon.org does – and it's wrong.

America and the forces of freedom are winning. Moveon.org is losing.

Call your Congressman and Senator. Tell them to condemn Moveon.org.

## GENERAL PETRAEUS OR GENERAL BETRAY US?

### Cooking the Books for the White House

General Petraeus is a military man constantly at war with the facts. In 2004, just before the escalation of troops in Iraq, he said, "We say we have achieved... there is tangible progress" in Iraq and that "Iraqi leaders are stepping forward...".

Every independent report on the ground... the Pentagon has adopted a bizarre formula for keeping... For... but bombs don't count. The Washington Post reported that... and more American soldier deaths in the past three months than in any other summer... We'll hear of neighborhoods where violence has decreased. But we won't hear that those neighborhoods... have been ethnically cleansed.

Most importantly, General Petraeus will not admit what everyone knows: Iraq is mired in an unwinnable religious civil war. We may hear of a plan to withdraw a few thousand American troops. But we won't hear what Americans are desperate to hear: a timetable for withdrawing all our troops. General Petraeus has actually said American troops will need to stay in Iraq for as long as ten years.

Today, before Congress and before the American people, General Petraeus is likely to become General Betray Us.
